

# Bernard Dalsin Manufacturing Product Announcement

## Masonry Adaptor added to the Bio Vent® Product Offering

Bernard Dalsin Manufacturing introduces a Starter Tee w/ End Cap as a new product addition to the Bio Vent™ complete line of components. The new Starter Tee allows a direct connection to the appliance, eliminating the need for an appliance adaptor. The Starter Tee is available in 3", 4", and 3" to 4" sizes.

As with all Bio Vent components, the Starter Tee's inner flue is made with AL-294C, super ferritic stainless steel that can withstand exhaust from bio-fuels that can cause extensive corrosion in other types of stainless steel commonly found in competitors' vent systems.

This new Starter Tee also uses our gasket-sealed connection. This exclusive pre-installed gasket installs in a fraction of the time of other conventional venting products and eliminates the possibility of leakage at the connection point.

Tested and listed with Omni Laboratories. 10 year warranty.

Order #	Description	Carton Qty
71050303ST	3" X 3" Bio Vent Starter Tee w/ End Cap	3
