Chim-A-Lator®

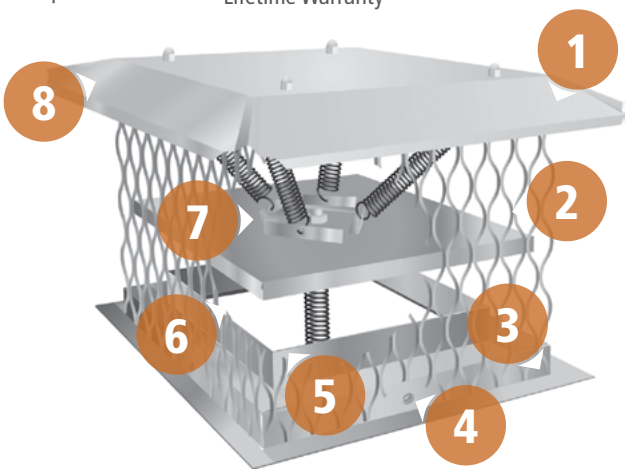
The Chim-A-Lator® Deluxe easily mounts on top of a masonry fireplace flue and is operated by a convenient, adjustable regulator installed on the side wall of the fireplace. It is far more efficient than conventional cast iron dampers and the ideal replacement for old defective dampers. Proven for over 40 years to be the most trouble free top sealing damper.

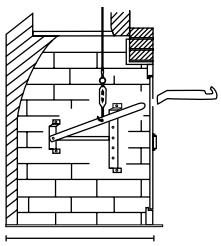
Key Features

Safest Damper Design on the Market Designed not to close the flue in event of chimney fire. Keeps the fire and smoke in the chimney and out of the house.

Chim-A-Lator® not for use with gas logs or appliances or air cooled factory built chimneys.

1. **Fully Assembled Out of the Box** Provides for fast easy installation
2. **Integrated Spark Arrestor** Provides for safe fireplace operation
   Keeps Animals Out of the Chimney even when damper is open
3. **Heavy Duty Frame**
   - Made from 18 ga. stainless steel
   - Provides strength and rigidity
4. **Threaded Weld Nuts** For easy and secure installation
5. **Saves Energy** Tight seal on top of chimney, keeps heat in when fireplace is not in use
6. **Damper opens a full 6.5"** Allows for maximum draft.
   6 Setting Regulator Controls the amount of draft to produce more heat when burning.
7. **Won't Freeze Shut in Cold Climates** Heavy duty stainless steel springs provide 45lbs. of lift when opening damper.
8. **100% Stainless Steel Construction** No rust or corrosion – Lifetime Warranty





Minimum fireplace depth must be 12.25" (front to back)
